LOTUS

SPRING SUMMER 2027

Nature sets the rhythm.

Between the sea and tropical flora,
we discover balance, contrast, and beauty.

From humid landscapes and wild lands
to unexpected blooms and vibrant colours,
Vietnam inspires a way of dressing
full of life, movement, and expression.

Dress to create.

Dress to feel.

Effortless beauty.
Endless confidence.

Reduced to its purest expression.

Prints, textures and fabrics
become the language
of the collection.

In the way we dress, in the way we appear,
we discover the quiet strength
of our nature.

We return to what is essential:
our roots, our identity, ourselves.

Soft touch.
Strong presence.

Move with purpose,
dress with soul,
live bold.
